PENNY APPEAL PROTECTS

COMPLETION REPORT SEPTEMBER 2020

PENNY APPEAL PROTECTS

COMPLETION REPORT SEPTEMBER 2020

Who?

Penny Appeal Canada

What?

Penny Appeal Canada responded to the need for Personal Protective Equipment in Canada by distributing PPE to businesses, clinics, health care centres, and community centres around Ontario:

- **980** KN95 masks,
- **36,150** Level 2 Surgical Masks
- **9400** Nitrile Gloves
- **510** face shield

Total program cost: \$21,108.88

Where?

Ontario, Canada

When?

Start Date: April 9th, 2020

End Date: July 3rd, 2020

Why?

The COVID-19 Global Pandemic overburdened the Canadian health care system and placed an increased demand for medical supplies including Personal Protective Equipment such as N95 masks, surgical masks, goggles, face shields, gowns, coveralls, gloves, and more.

With the sharp increase in demand in the first few months of the pandemic, global suppliers were unable to catch up to the need, leaving our frontline workers (health care, caregivers, and others) and essential community organizations exposed to contracting the COVID-19 virus.
